# ABDELRAHMAN ABDELHAKIM

Software Engineer-  
Web Developer

## EDUCATION

---

### The British University in Egypt

September 2014 – June 2018

Graduated from the British University in Egypt and having a Bachelor of Computer Science majoring in Software Engineering in June 2018

### London South Bank

September 2014 – June 2018

While studying at the British University in Egypt, i was at something called UK track which allows you by the end of your degree to get a similar degree from the London South Bank university as if you have studied there, so basically i have two degrees in computer science, one from Egypt and the other from the UK.

## WORK EXPERIENCE

---

### The Creative Zone

Worked at the Creative Zone digital marketing agency as a full stack web developer.  
November 2019.

### PMYB - Training

Worked for 2 months under the English digital marketing company from July 2018 until August 2018 as front-end web-developer.

### Freelance

June 2019

Currently working as a freelance web developer, did some great webpages, mostly front-end. You can check them all on my Github repository.
